STANDARD FEATURES

AVAILABLE SIZES

8'-6" length
9'-4" length
11'-4" length

DESIGN FEATURES & HARDWARE

All steel frame construction
4" steel channel frame rails
3" steel channel cross members
1/8" steel tread plate deck
Steel tubing headache rack with round "easy view" window grill
Angled fuel fill (cast aluminum)
Three lockable flush-mounted tool boxes with paddle handle rotary latches, front, top, and up behind each side
Recessed gooseneck ball mounting box with easy access removable cover and two safety chain loops
Rear bumper with aluminum tread plate trim
Full access receiver mount
Full length rear skirt
Full length side skirt with rolled fenders and aluminum tread-

plate trim

Rear bed corners tapered for turning radius
Premium TGIC Polyester powdercoating: black

LIGHTS

Two recessed tail, brake, and back up lights mounted in headache rack
Cargo light with toggle switch
Stop, turn, tail, back up, and tag lights in skirt
DOT required lighting (clearance and marker lights)
All lighting must be wired to meet all DOT requirements as originally intended by the vehicle manufacturer

FENDER WELLS

Due to various chassis lengths and configurations, specific measurements may determine the fender well placement on skirted beds (i.e. 2003 Dodge is 58" cab to axle measurement, whereas Ford and Chevy are 56" on bed off models)
